Accessibility Statement for Klevu Templates

Klevu, a division of Athos Commerce, is committed to providing accessible digital experiences for people with disabilities. We are actively working to identify and remove barriers to access in accordance with recognized accessibility standards and our internal Accessibility Policy.

Compliance Status

The Klevu Templates are **partially compliant** with the Web Content Accessibility Guidelines (WCAG) 2.1 Level AA.

Known Accessibility Issues

We are aware of the following accessibility limitations on this digital property:

- Interactive elements are not fully operable using a keyboard
- Keyboard-interactive elements are missing visible focus indicators
- Insufficient color contrast between text and background in some areas
- Inconsistent navigation structure across pages may affect orientation and usability
- Screen readers do not fully announce certain status messages or interface updates
- Some ARIA roles are missing required child elements, which may impact semantic structure
- ARIA input fields are missing accessible names, making them unreadable by assistive technologies

Planned Improvements

We are actively working to improve accessibility across this digital property. Our goal is to resolve these known issues by the **first quarter of 2026**.

Accessibility improvements are part of our continuous development process and will be prioritized based on user impact and feedback.

Feedback and Contact Information

If you encounter any barriers accessing this platform or would like to request information in an alternative format, please contact us by submitting a [support ticket](#).

We aim to respond to all accessibility-related inquiries within **5 business days**.
